EDUCATION

University of California, Irvine

Bachelor of Science in Informatics, Specialization in Human-Computer Interaction (HCI)

GPA: 3.86, Dean's Honor List

Irvine, CA

Expected June 2025

TECHNICAL SKILLS

Tools: Figma, Framer, Adobe, Canva, Notion, Procreate, Javascript, HTML, CSS, React, Typescript, Angular, Asana, Trello, GitHub, Slack

Skills: UI/UX Design, User Flows, Sketching, Wireframing, Mockups, Prototyping, Digital Art, Agile, Typography, Visual Design, User Interaction, Responsive Design, Video Editing, Social Media Strategy

EXPERIENCE

Sonar Mental Health Improved Onboarding | UX Research, UI Design, Figma, Data Analysis Jan 2025 - Mar 2025

- Worked with Sonar's UX Team and Tech AI Lead to redesign their onboarding flow focusing on building user trust, enhanced personalization, and intuitive navigation
- Conducted 2 rounds of iterative user research, including user interviews, competitive analysis, persona development, and user stories
- Designed 3 prototypes and iteratively refined them based on feedback; final prototype received 100% approval from all 10 interviewees

BJJ Rolltrack Frontend Developer | React.js, MUI, FullCalendar, HTML, CSS, Docker Jan 2025 - Present

- Worked with 5 teammates and a real-world client to design and build a responsive gym management platform
- Transformed high-fidelity Figma mockups into a dynamic, accessible web application using React components and MUI library
- Integrated FullCalendar to display and manage gym class schedules on a responsive calendar. Implemented a digital waiver signing flow

Social Media Content Creator and Artist | Procreate, TikTok, CapCut, Instagram Aug 2020 - Jul 2023

- Managed digital art account with 60k TikTok and 3k Instagram followers
- Produced, edited, and published consistent content with strong visual identity and high engagement
- Tracked analytics and applied insights to boost audience retention and growth

PROJECTS

CleanWave - Winner of UC Riverside Designathon Track 3 | Figma, Canva, Google Forms, Goodnotes May 2025

- Led a team of 2 to design a mobile app that empowers communities to come together to take action against plastic waste in a 24-hour hackathon
- Researched the impact of waste on marine mammals and crafted a survey with 20 respondents to clarify target users and their motivations for supporting a cleaner environment. Translated research into a user persona, sketches, wireframes, user flows, and a hi-fi Figma mockup

Momentum - UC Irvine Designathon | Figma, Canva, Google Forms, Procreate April 2025

- Led a team of 3 students to design a student-focused productivity app with gamified, competitive features in a 48-hour hackathon
- Gathered user research through library databases, surveys, and personas; then designed wireframes, branding, aesthetic visual elements, hi-fi mockups, and user flows to address key findings

ACTIVITIES AND LEADERSHIP

Marketing Committee, Women in Information & Computer Sciences UC Irvine Nov 2024 - Present

- Utilized Asana to efficiently manage tasks related to social media, design insights, and on-campus promotions
- Managed and analyzed social media engagement across 3 platforms: Discord, Instagram, and TikTok
- Designed a visually engaging weekly newsletter that increased open rate and member engagement by 20%

HSO Intern, Hmong Student Association UC Irvine Jan 2025 - Mar 2025

- Led interactive workshops and chaperoned 17 students during an outreach program about college experiences, academic insights, and student resources with meaningful discussions, engaging activities, and presentations
